FAIR WAGES POLICY.

(Order in Council, P.C. 3271, dated 31 December, 1934.)

THE Committee of the Privy Council have had before them a report, dated 22nd December, 1934, from the Minister of Labour, referring to the Order in Council of June 7, 1922 (P.C. 1206), as amended by Order in Council of April 9, 1924 (P.C. 605), setting forth the Fair Wages Policy of the Government of Canada.

The Minister recommends that the labour conditions therein marked "B" be hereby rescinded and the conditions which are hereto attached substituted therefor.

The Committee concur in the foregoing recommendation and submit the same for approval.

LABOUR CONDITIONS.

FAIR WAGES CLAUSE.

1. All workmen, labourers, or other persons who perform labour in the construction of the work hereby contracted for, shall be paid such wages as are generally accepted as current from time to time during the continuance of the contract for competent workmen in the district in which the work is being performed for the character or class of work in which they are respectively engaged, and if there be no current rate in such district, then a fair and reasonable rate. In no event shall the wages be less than those set out in the schedule of minimum rates hereunder. The working hours shall be those fixed by the custom of the trade as respects hours in the district where the work is carried on, or if there be no custom of the rate as respects hours in the district, then fair and

reasonable hours, except for the protection of life and property, or on due cause shown to the satisfaction of the Minister of Labour. Where there are special circumstances which in the judgment of the Minister of Labour make it expedient that he should do so, he may decide what are the current or fair and reasonable rates of wages for overtime, and what is the proper classification of any work for the purposes of wages and hours. Immediately upon receipt of notice of any decision of the Minister of Labour hereunder the contractor shall adjust the wages and hours and classification of work so as to give effect to such decision. In the event of a dispute arising as to what is the current or a fair and reasonable rate of wages, or what are the current hours fixed by the custom of the trade or fair and reasonable hours, or as to rates for overtime, it shall be determined by the Minister of Labour, whose decision shall be final; payment may also be withheld of any moneys which would otherwise be payable to the contractor until the Minister of Labour's decision has been complied with. By the term "current wages" and the term "hours of labour fixed by the custom of the trade" in the foregoing are meant respectively the standard rates of wages and hours of labour either recognized by signed agreements between employers and workmen in the district from which the labour required is necessarily drawn or actually prevailing, although not necessarily recognized by signed agreements.

SCHEDULE OF MINIMUM WAGE RATES.

	an hour minimum
Males (18 years of age or over).....	30c.
Females (18 years of age or over).....	20c.

Males and Females under 18 years of age shall not receive less wages than those provided for women and girls in the Minimum Wage Scale of the Province in which this work is performed.

In certain of the Maritime Provinces where no minimum wage legislation is in effect, the contractors shall pay to males and females under 18 years of age wages not less than those provided for women and girls in the Minimum Wage Act of the Province of Nova Scotia.

In any province where the Minimum Wage legislation requires payment of wages in excess of these above set out, such higher rates shall apply on this work.

FAIR WAGES CLAUSE TO BE POSTED.

2. The Contractor shall post and keep posted in a conspicuous place on the premises where the contract is being executed, occupied or frequented by the workpeople, the foregoing fair wages provisions for the protection of the workpeople employed.

BOOKS, ETC., OF CONTRACTOR OPEN FOR INSPECTION.

3. The Contractor shall keep proper books and records showing the names, ages, trades and addresses of all workmen in his employ and the wages paid to and time worked by each workman and the books and documents containing such records shall be open for inspection by a Fair Wages Officer of the Government at any time it may be expedient to the Minister of Labour to have the same inspected.

PREMISES AND WORK OPEN FOR INSPECTION.

4. The Contractor's premises and the work being performed under this contract shall be open for inspection at all reasonable times by any officer authorized by the Minister of Labour for this purpose; all such premises shall be kept by the Contractor in sanitary condition.

SUBLETTING, ETC.

5. With a view to avoidance of any abuses which might arise from the subletting of contracts it shall be understood that subletting is prohibited unless the approval of the Minister is obtained; sub-contractors shall be bound in all cases to conform to the conditions of the main contract, and the main contractor shall be held responsible for strict adherence to all contract conditions on the part of contractors; the contract shall not, nor shall any portion thereof be transferred without the written permission of the Minister; no portion of the work to be performed shall be done at the homes of the workpeople, or, except as specially provided for under legislative authority, by inmates of penal institutions.

WORKMEN TO BE RESIDENTS OF CANADA.

6. All workmen employed upon the work comprehended in and to be executed pursuant to this contract shall be residents of Canada, unless the Minister is of opinion that Canadian labour is not available or that special circumstances exist which would render it contrary to the public interest to enforce this provision.

7. The Contractor shall not be entitled to payment of any money which would otherwise be payable under the terms of the contract in respect of work and labour performed in the execution of the contract unless and until he shall have filed in the office of the Minister in support of his claim for payment a statement attested by statutory declaration showing: (1) the rates of wages and hours of labour of the various classes of workmen employed in the execution of the contract; (2) whether any wages in respect of the said work and labour remain in arrears; (3) that all the labour conditions of the contract have been duly complied with; or, in the event of notice from the Minister of Labour of claims for wages, until the same are adjusted. The contractor shall also from time to time furnish to the Minister such further detailed information and evidence as the Minister may deem necessary in order to satisfy him that the conditions herein contained to secure the payment of fair wages have been complied with, and that the workmen so employed as aforesaid upon the portion of the work in respect of which payment is demanded have been paid in full.

POWER TO PAY WAGES IN DEFAULT OF PAYMENT BY CONTRACTOR.

8. In the event of default being made in payment of any money owing in respect of wages of any workman employed on the said work, and if a claim therefor is filed in the office of the Minister and proof thereof satisfactory to the Minister is furnished, the said Minister may pay such claim out of the money at any time payable by His Majesty under said contract and the amount so paid shall be deemed payments to the Contractor.

(Order in Council, P.C., 2108, dated 22nd July, 1935.)

- (a) goods dutiable as of August 3, 1935, at the rates specified in Schedule A to the Customs Tariff: to be subject to a surtax of $33\frac{1}{3}$ per cent ad valorem, over and above the duties specified in said Schedule A;
- (b) goods, duty-free as of August 3, 1935: to be subject to a duty of $33\frac{1}{3}$ per cent ad valorem;

RATE OF EXCHANGE ON DEPRECIATED FOREIGN CURRENCIES

(*Order in Council, P.C. 2083, dated 20th July, 1935.*)

WHEREAS under authority of Section 6, subsection 9, of the Customs Tariff, the Governor in Council may, from time to time and as occasion requires, order and direct what shall be the rate of exchange fixed for any currency in computing the value for duty of goods imported into Canada from any place or country the currency of which is depreciated;

AND WHEREAS it is represented that in declaring what shall be the rate of exchange fixed for purposes of ordinary and special duty for the currency of such countries, it appears expedient that the Governor in Council should take into consideration the extent to which a rise in the general level of prices in the country whose currency is depreciated may have tended to offset the export advantage resulting from exchange depreciation, as well as the desirability of maintaining the normal relationship which has existed between the currencies of such countries and the currency of Canada; and

That, in applying the rates of exchange for purposes of ordinary and special duty fixed in accordance with the considerations aforesaid, countries whose currencies at prevailing commercial rates of exchange are not depreciated in terms of the Canadian dollar by more than five per centum should not be included within the scope of any Order in Council issued under authority of Section 6, subsection 9, of the Customs Tariff;

Now THEREFORE, The Deputy of His Excellency the Governor General in Council, on the recommendation of the Right Honourable the Prime Minister for the Minister of National Revenue, is pleased to order and it is hereby ordered that the rate of exchange for computing the value for ordinary and special duty of goods imported into Canada from the undermentioned countries during the

period of six months from the date of publication of this Order in Council, shall be fixed, under authority of the provisions of Section 6, subsection 9 of the Customs Tariff, as hereunder indicated:—

EXTRADITION OF CRIMINALS FROM CZECHOSLOVAKIA.

(*Order in Council, P.C. 1369, dated 1st August, 1928.*)

THE Committee of the Privy Council have had before them a report, dated 26th July, 1928, from the Secretary of State for External Affairs, representing that a Treaty was signed at London, on November 11, 1924, between Great Britain and the Czechoslovak Republic, for the extradition of criminals, which treaty provides by article 17 that:

“The stipulations of the present treaty shall be applicable so far as the laws permit, to all His Britannic Majesty’s Dominions, except to the self-governing Dominions hereinafter named—that is to say, the Dominion of Canada, the Commonwealth of Australia (including for this purpose Papua and Norfolk Island), the Dominion of New Zealand, the Union of South Africa, the Irish Free State, and Newfoundland—and India provided always that the said stipulations shall be applicable to any of the above-named Dominions or India in respect of which notice to that effect shall have been given on behalf of the Government of such Dominions or India by His Britannic Majesty’s Representative in the Czechoslovak Republic and provided also that it shall be competent for either of the Contracting Parties to terminate separately the application of this treaty to any of the above-named Dominions or India by a notice to that effect not exceeding one year and not less than six months.”

The Secretary of State for External Affairs, with the concurrence of the Minister of Justice, submits that it is desirable that this treaty should be made applicable to the Dominion of Canada.

The Committee, therefore, advise that in view of the recent application for extradition of criminals, addressed to the Canadian Government by the Czechoslovak Government, notice of accession of Canada to the said treaty be given by telegram to the Czechoslovak Government, under the above quoted article 17.

The Treaty between the United Kingdom and the Czechoslovak Republic and the Protocol thereto follow *in extenso*.

ADDITIONAL PROTOCOL TO THE TRADE AGREEMENT
BETWEEN CANADA AND FRANCE.

His Majesty the King of Great Britain, Ireland and the British dominions beyond the Seas, Emperor of India, in respect of the Dominion of Canada, and the President of the French Republic, desiring to develop commercial relations between Canada and France on the basis of the Trade Agreement signed May 12th, 1933, have resolved to conclude an Additional Protocol to this Agreement and, for that purpose, have appointed as their respective plenipotentiaries:

His Majesty the King of Great Britain, Ireland and the British dominions beyond the Seas, Emperor of India, for the Dominion of Canada:

The Right Honourable RICHARD BEDFORD BENNETT, Prime Minister, President of the Privy Council and Secretary of State for External Affairs;

The President of the French Republic:

Monsieur RAYMOND BRUGÈRE, Envoy Extraordinary and Minister Plenipotentiary of the French Republic in Canada, Officer of the National Order of the Legion of Honour;

Who, after having communicated to each other their respective full powers, found to be in good and due form, have agreed upon the following provisions:

ARTICLE 1.

The natural or manufactured products, originating in and coming from Canada, enumerated in supplementary Schedule A to this additional Protocol, shall enjoy, on their importation into French Customs Territory, the French Minimum Tariff, that is to say the most favoured foreign nation treatment.

The natural or manufactured products, originating in and coming from Canada, enumerated in supplementary Schedule A to this additional Protocol, enjoying the French Minimum Tariff, are entitled to the lowest rates which France accords or may accord to the same or similar products of any other foreign country.

ARTICLE 2.

The natural or manufactured products, originating in and coming from French Customs Territory, enumerated in supplementary Schedule C to this additional Protocol, shall enjoy, on their importation into Canada, the rates of the Canadian Intermediate Tariff, it being understood, however, that of the amount of duty to be paid, under the said tariff, the importer shall have the benefit of the percentages of discount indicated in the said supplementary Schedule.

The natural or manufactured products, originating in and coming from French Customs Territory, enumerated in supplementary Schedule C to this additional Protocol, shall enjoy any other more favourable tariff rates which Canada may accord to the same or similar products of any other foreign country.

ARTICLE 3.

The natural or manufactured products, originating in and coming from Canada, enumerated in supplementary Schedule A to this additional Protocol, and the natural or manufactured products, originating in and coming from French Customs Territory, enumerated in supplementary Schedule C to this additional Protocol shall, on their importation into the territory of the other Party, enjoy the most favourable rates accorded to any foreign country, that may arise from modifications made in the tariff classification as a result of administrative or legislative action or of conventions entered into with other countries.

ARTICLE 4.

The natural or manufactured products, originating in and coming from Canada, enumerated in supplementary Schedule A to this additional Protocol, on their importation into French colonies, which are called "assimilées," that is, which have in principle the same customs tariff as France, shall enjoy the minimum tariff whether this tariff is the French tariff or a special tariff.

In French colonies described as "non assimilées," that is, which have a special customs tariff, as well as in countries under French protectorate, the natural or manufactured products, originating in and coming from Canada, enumerated in supplementary Schedule A to this additional Protocol, shall enjoy the lowest customs tariff.

The natural or manufactured products, originating in and coming from French colonies "assimilées" and "non assimilées," countries under French protectorate and territories under French mandate, enumerated in supplementary Schedule C to this additional Protocol, on their

importation into Canada, shall be subject to the duties of the Canadian Intermediate Tariff, provided, however, that on the amount of the duty computed under the said tariff, the importer shall be entitled to the percentages of discount enumerated in the said Schedule.

The natural or manufactured products, originating in and coming from French colonies, "assimilées" and "non assimilées," countries under French protectorate and territories under French mandate, enumerated in supplementary Schedule C to this additional Protocol, shall enjoy any other more favourable tariff rate which Canada may accord to the same or similar products of any other foreign country.

ARTICLE 5.

With regard to the quantitative restrictions on imports into France, the French Government undertake to grant to Canada for each of the products enumerated in Schedule E to this additional Protocol, a share of the global basic quota corresponding to the percentage indicated for each product in Schedule E. These percentages shall not be reduced whether the global quotas be increased or reduced. This undertaking shall not be interpreted as preventing the abolition of existing quotas.

Moreover, with respect to any quota which may be imposed in the future on any commodity, the French Government undertake to accord to Canada the full share mathematically attributable on the basis of the proportion of imports from Canada of that commodity compared with the total French imports of that commodity in the base period.

With regard to the administration of quotas, Canada shall, in any case when a request to this effect is made by the Canadian Government, be granted, under the same conditions and reservations, the most favourable treatment accorded to any other country in respect of like products.

The administration of quotas on frozen salmon (Ex. No. 45 of the French Customs Tariff) and on preserved or prepared lobster (Ex. No. 49 of the French Customs Tariff) shall be carried out in Canada under the conditions provided in the Note annexed to Schedule A of the Agreement of May 12, 1933 (*re* Nos. 47 and 49 of the French Customs Tariff). In the event that the importation of preserved crustaceans is controlled by a system of import licences, the French Government shall take over the administration of the quotas.

ARTICLE 6.

The products, originating in and coming from Canada, enumerated in Schedule F to this additional Protocol, shall

be entitled, on their importation into French Customs Territory during the fourth quarter of 1934, to the quotas indicated in the said Schedule.

With regard to the products enumerated in the said Schedule F the French Government shall give sympathetic consideration to the possibility of granting quotas to Canada for subsequent quarterly periods.

The import licences for the products originating in and coming from Canada enumerated in Schedule F to this additional Protocol, shall bear the visa of the Canadian officials in Paris duly authorized for this purpose by their Government.

ARTICLE 7.

In the event that the system of temporary admission of wheat into France is modified or abandoned, and that suitable facilities are not provided whereby wheat, the produce of Canada, would retain marketing opportunities in France equivalent to those now enjoyed, the French Government recognize the right of the Canadian Government, with regard to the advantages conceded by the present additional Protocol in respect of wines, liqueurs, Cognac and Armagnac, specified in supplementary Schedule C to this additional Protocol, to take whatever measures they may consider advisable, provided that these measures shall not constitute a discrimination against France as compared with any other foreign country.

ARTICLE 8.

The increase in the rate of the import tax provided by Article 32 of the Law of March 31, 1932, shall not apply, as long as the present additional Protocol remains in force, to products originating in Canada, in accordance with the terms of the decree of September 29, 1934.

ARTICLE 9.

Maple sugar and maple syrup (Ex 91 and Ex 93 French Customs Tariff) imported into France by the French Tobacco Monopoly for use in the preparation of tobaccos shall be exempt from internal taxes in accordance with the provisions of the Law of April 8, 1910. Maple sugar and maple syrup imported under these conditions shall not be subject to the provisions of the decree of December 5, 1931, nor to the regulations introduced under this decree in particular that of October 8, 1934, concerning the importation of sugar.

Maple sugar and maple syrup imported into France under other conditions than those set forth in the preceding paragraph, shall remain subject to internal taxes and such importations shall be limited to an annual quota of 1,000 kilograms.

ARTICLE 10.

The value for duty of layettes and clothing for children up to and including the age of 4 years, fixed under authority of Order in Council No. 2838 of November 12, 1931, shall be reduced to \$4.50 per dozen.

The value for duty of cherries "glacé" fixed at 8 francs per kilogram, shall be reduced by 20 per cent.

These provisions concerning value for duty shall be applied in accordance with the general provisions of the Canadian Customs Tariff and shall be extended to the above mentioned products originating in and coming from French Customs Territory on their importation into Canada.

ARTICLE 11.

The Canadian Government renew the undertakings under Article 11 of the Trade Agreement of May 12, 1933, with regard to the protection of appellations of origin of agricultural and wine or other products which have been or may be registered in conformity with the provisions of the said Article.

ARTICLE 12.

The provisions of the Trade Agreement of May 12, 1933, in so far as they are not modified, amended or replaced by the provisions of the present additional Protocol, shall remain in force.

ARTICLE 13.

The present additional Protocol shall come into force on the date which the High Contracting Parties shall fix by joint agreement and shall remain in force as long as the Trade Agreement of May 12, 1933, of which it forms an integral part, remains in effect.

It shall be ratified and the ratifications shall be exchanged at Ottawa as soon as possible.

It may be terminated in the manner provided for in Article 17 of the above mentioned Agreement.

IN WITNESS WHEREOF the respective plenipotentiaries, duly authorized, have signed the present additional Protocol and have affixed thereto their seals.

Done, in duplicate, in English and in French, at Ottawa on the twenty-sixth day of February, in the year of Our Lord one thousand nine hundred and thirty-five.

the invention disclosed in the other application.

Procedure to be followed before conflict is declared.

(2) When the Commissioner has before him two or more such applications he shall notify each of the applicants of the apparent conflict and transmit to each of them a copy of the conflicting claims, together with a copy of this section. The Commissioner shall give to each applicant the opportunity of inserting the same or similar claims in his application within a specified time.

Preliminary notice of conflict.

(3) If each of two or more of such completed applications contains one or more claims describing as new, and claims an exclusive property or privilege in, things or combinations so nearly identical that, in the opinion of the Commissioner, separate patents to different patentees should not be granted, the Commissioner shall forthwith notify each of the applicants to that effect.

Response.

(4) Each of the applicants, within a time to be fixed by the Commissioner, shall either avoid the conflict by the amendment or cancellation of the conflicting claim or claims, or, if unable to make such claims owing to knowledge of prior art, may submit to the Commissioner such prior art alleged to anticipate the claims. Thereupon each application shall be re-examined with reference to such prior art, and the Commissioner shall decide if the subject matter of such claims is patentable. 1932, c. 21, s. 1, Am.

The affidavit shall declare:—

- (a) the date at which the idea of the invention described in the conflicting claims was conceived;
- (b) the date upon which the first drawing of the invention was made;
- (c) the date when and the mode in which the first written or verbal disclosure of the invention was made;

(6) No envelope containing any such affidavit as aforesaid shall be opened, nor shall the affidavits be permitted to be inspected, unless there continues to be a conflict between two or more applicants, in which event all the envelopes shall be opened at the same time by the Commissioner in the presence of the Assistant Commissioner or an examiner as witness thereto, and the date of such opening shall be endorsed upon the affidavits. 1932, c. 21, s. 1 (2), Am.

(7) The Commissioner, after examining the facts stated in the affidavits, shall determine which of the applicants is the prior inventor to whom he will allow the claims in conflict and shall forward to each applicant a copy of his decision. A copy of each affidavit shall be transmitted to the several applicants. 1932, c. 21, s. 1 (2), Am.

REISSUE OF PATENTS.

49. (1) Whenever any patent is deemed defective or inoperative by reason of insufficient description or specification, or by reason of the patentee claiming more or less than he had a right to claim as new, but at the same time it appears that the error arose from inadvertence, accident or mistake, without any fraudulent or deceptive intention, the Commissioner may, upon the surrender of such patent within four years from its date and the payment of the further fee hereinafter provided, cause a new patent, in accordance with an amended description and specification made by such patentee, to be issued to him for the same invention for the then unexpired term for which the original patent was granted. (2) Such surrender shall take effect only upon the issue of the new patent, and such new patent and the amended description and specification shall have the same effect in law, on the trial of any action thereafter commenced for Effect of new patent.

61. (1) No patent or claim in a patent shall be declared invalid or void on the ground that, before the invention therein defined was made by the inventor by whom the patent was applied for it had already been known or used by some other inventor, unless it is established either that,

(a) before the date of the application for the patent such other inventor had disclosed or used the invention in such manner that it had become available to the public; or that

(b) such other inventor had, before the issue of the patent, made an application for patent in Canada upon which conflict proceedings should have been directed; or that

(c) such other inventor had at any time made an application in Canada which by virtue of section twenty-seven of this Act had the same force and effect as if it had been filed in Canada before the issue of the patent and upon which conflict proceedings should properly have been directed had it been so filed.

Action to set
aside prior
patent.

(2) Notwithstanding the provisions of section forty-two of this Act, an application for a patent for an invention for which a patent has already issued under this Act shall be rejected unless the applicant, within a time to be fixed by the Commissioner, commences an action to set aside the prior patent, so far as it covers the invention in question, but if such action is so commenced and diligently prosecuted, the application shall not be deemed to have been abandoned unless the applicant fails to proceed upon it within a reasonable time after the action has been finally disposed of.

(3) If the application was filed within one year from the date of the filing of the application for the prior patent, the provisions of subsection one of this section shall not apply to the determination of the respective rights of the parties to such action. 1932, c. 21, s. 4, Am.

63. Every judgment voiding in whole or in part or refusing to void in whole or in part any patent shall be subject to appeal to any court having appellate jurisdiction in other cases decided by the court by which such judgment was rendered. R.S., c. 150, s. 39.

Appeal.

CONDITIONS.

64. (1) The Commissioner may, at any time, by notice in writing addressed to the patentee of any patent specified by him, or to his registered representative in Canada, and to every person who has a registered interest in such patent, require the patentee and such persons in respect of such specified patent to transmit and deliver to the Commissioner within sixty days from the date of such notice, or within such further time as the Commissioner may allow, a return stating:—

Information relating to patents.

(a) whether the patented invention is being worked on a commercial scale in Canada, and the place where and the name and address of the person by whom the patented invention is being so worked; and

(b) the reasons, if any, why such patented invention is not being worked on a commercial scale in Canada.

(2) The failure of the patentee or his registered representative in Canada or that of any such person having a registered interest to comply with the terms of the notice mentioned in the next preceding subsection shall be deemed to be an admission on the part of the patentee or the person, as the case may be, so failing, that the patented invention is not being worked on a commercial scale in Canada.

Effect of failure to comply.

Abuse of
rights under
patents.

65. (1) The Attorney General of Canada or any person interested may at any time after the expiration of three years from the date of the grant of a patent apply to the Commissioner alleging in the case of that patent that there has been an abuse of the exclusive rights thereunder and asking for relief under this Act.

What
amounts to
such abuse.

(2) The exclusive rights under a patent shall be deemed to have been abused in any of the following circumstances:—

Not working,
patented
invention.

(a) If the patented invention (being one capable of being worked within Canada) is not being worked within Canada on a commercial scale, and no satisfactory reason can be given for such non-working:

Proviso.

Provided that, if an application is presented to the Commissioner on this ground, and the Commissioner is of opinion that the time which has elapsed since the grant of the patent has by reason of the nature of the invention or for any other cause been insufficient to enable the invention to be worked within Canada on a commercial scale, the Commissioner may make an order adjourning the application for such period as will in his opinion be sufficient for that purpose;

Prevention
of working
by impor-
tation.

(b) If the working of the invention within Canada on a commercial scale is being prevented or hindered by the importation from abroad of the patented article by the patentee or persons claiming under him, or by persons directly or indirectly purchasing from him, or by other persons against whom the patentee is not taking or has not taken any proceedings for infringement;

Not meeting
demand.

(c) If the demand for the patented article in Canada, is not being met to an adequate extent and on reasonable terms;

Prejudice to
trade by
refusal to
licence.

(d) If, by reason of the refusal of the patentee to grant a licence or licences upon reasonable terms, the trade or industry of Canada or the trade of any person or class of persons trading in Canada, or the establishment of any new trade or industry in Canada, is prejudiced, and it is in the public interest that a licence or licences should be granted;

Prejudice by
reason of
conditions
attached.

(e) If any trade or industry in Canada, or any person or class of persons engaged therein, is unfairly prejudiced by the conditions attached by the patentee, whether before or after the passing of this Act, to the purchase, hire, licence, or use of the patented article, or to the using or working of the patented process;

Prejudice in
other
respects

(f) If it is shown that the existence of the patent, being a patent for an invention relating to a process involving the use of materials not protected by the patent or for an invention relating to a substance produced by such a process, has been utilized by the patentee so as un-

fairly to prejudice in Canada the manufacture, use or sale of any such materials.

(3) It is declared with relation to every paragraph of the next foregoing subsection that, for the purpose of determining whether there has been any abuse of the exclusive rights under a patent, it shall be taken that patents for new inventions are granted not only to encourage invention but to secure that new inventions shall so far as possible be worked on a commercial scale in Canada without undue delay.

Declaration of basis of grants of patents.

66. On being satisfied that a case of abuse of the exclusive rights under a patent has been established, the Commissioner may exercise any of the following powers as he may deem expedient in the circumstances:—

Powers of Commissioner in cases of abuse.

(a) He may order the grant to the applicant of a licence on such terms as the Commissioner may think expedient, including a term precluding the licensee from importing into Canada any goods the importation of which, if made by persons other than the patentee or persons claiming under him would be an infringement of the patent, and in such case the patentee and all licensees for the time being shall be deemed to have mutually covenanted against such importation. A licensee under this paragraph shall be entitled to call upon the patentee to take proceedings to prevent infringement of the patent, and if the patentee refuses, or neglects to do so within two months after being so called upon, the licensee may institute proceedings for infringement in his own name as though he were the patentee, making the patentee a defendant. A patentee so added as defendant shall not be liable for any costs unless he enters an appearance and takes part in the proceedings. Service on the patentee may be affected by leaving the writ at his address or at the address of his representative for service as appearing in the records of the Patent Office. In settling the terms of a licence under this paragraph the Commissioner shall be guided as far as may be by the following considerations:—

Compulsory licences.

(i) he shall, on the one hand, endeavour to secure the widest possible user of the invention in Canada consistent with the patentee deriving a reasonable advantage from his patent rights;

(ii) he shall, on the other hand, endeavour to secure to the patentee the maximum advantage consistent with the invention being worked by the licensee at a reasonable profit in Canada;

(iii) he shall also endeavour to secure equality of advantage among the several licensees, and for this purpose may, on due cause being shown, reduce the

royalties

royalties or other payments accruing to the patentee under any licence previously granted: Provided that, in considering the question of equality of advantage, the Commissioner shall take into account any work done or outlay incurred by any previous licensee with a view to testing the commercial value of the invention or to securing the working thereof on a commercial scale in Canada;

Exclusive
compulsory
licences.

(b) If the Commissioner is satisfied that the invention is not being worked on a commercial scale within Canada, and is such that it cannot be so worked without the expenditure of capital for the raising of which it will be necessary to rely on the exclusive rights under the patent, he may, unless the patentee or those claiming under him will undertake to find such capital, order the grant to the applicant, or any other person, or to the applicant and any other person or persons jointly, if able and willing to provide such capital, of an exclusive licence on such terms as the Commissioner may think just, but subject as hereafter in this Act provided;

Order for a
licence.

(c) If the Commissioner is satisfied that the exclusive rights have been abused in the circumstances specified in paragraph (f) of subsection two of the last foregoing section, he may order the grant of licences to the applicant and to such of his customers, and containing such terms, as the Commissioner may think expedient;

Revocation
of patent.

(d) If the Commissioner is satisfied that the objects of this and the last foregoing sections cannot be attained by the exercise of any of the foregoing powers, he may order the patent to be revoked, either forthwith or after such reasonable interval as may be specified in the order, unless in the meantime such conditions as may be prescribed in the order with a view to attaining the objects of this and the last foregoing sections are fulfilled, and the Commissioner may, on reasonable cause shown in any case, by subsequent order extend the interval so specified:

Provided that the Commissioner shall make no order for revocation which is at variance with any treaty, convention, arrangement, or engagement with any other country to which Canada is a party;

Refusal of
order.

(e) If the Commissioner is of opinion that the objects of this and the last foregoing sections will be best attained by making no order under the above provisions of this section, he may make an order refusing the application and dispose of any question as to costs thereon as he thinks just.

67. (1) In settling the terms of any such exclusive licence as is provided in paragraph (b) of the last preceding section, due regard shall be had to the risks undertaken by the licensee in providing the capital and working the invention, but, subject thereto, the licence shall be so framed as—

Terms of
order for
licence.

(a) to secure to the patentee the maximum royalty compatible with the licensee working the invention within Canada on a commercial scale and at a reasonable profit;

(b) to guarantee to the patentee a minimum yearly sum by way of royalty, if and so far as it is reasonable so to do, having regard to the capital requisite for the proper working of the invention and all the circumstances of the case;

and, in addition to any other powers expressed in the licence or order, the licence and the order granting the licence shall be made revocable at the discretion of the Commissioner if the licensee fails to expend the amount specified in the licence as being the amount which he is able and willing to provide for the purpose of working the invention on a commercial scale within Canada, or if he fails so to work the invention within the time specified in the order.

(2) In deciding to whom such an exclusive licence is to be granted the Commissioner shall, unless good reason is shown to the contrary, prefer an existing licensee to a person having no registered interest in the patent.

Existing
licensees
preferred.

4. No increase of benefit shall be payable to an insured contributor in respect of any person for any period before the date on which the insured contributor makes application in the prescribed manner for an increase in respect of that person, so, however, that regulations may be made under this Act authorizing some earlier date to be substituted for the date of the application in cases in which good cause is shown for the delay in making the application.

5. Where a claim for benefit is made by an insured contributor and another insured contributor receives an increase of benefit in respect of the first mentioned insured contributor for any period between the date when the claim is made and the date when it is allowed, the benefit payable to the first mentioned insured contributor for that period shall be reduced by the amount of increase of benefit so received by the second-mentioned insured contributor.

CONVENTION OF COMMERCE BETWEEN CANADA AND POLAND.

His Majesty the King of Great Britain, Ireland and the British dominions beyond the Seas, Emperor of India, in respect of the Dominion of Canada, and the President of the Republic of Poland, being desirous of facilitating and extending the commercial relations existing between Canada and Poland, have resolved to conclude a Convention of Commerce for this purpose, and have appointed as their plenipotentiaries:

His Majesty the King of Great Britain, Ireland and the British dominions beyond the Seas, Emperor of India, for the Dominion of Canada:

The Right Honourable RICHARD BEDFORD BENNETT, Prime Minister, President of the Privy Council and Secretary of State for External Affairs;

The Honourable RICHARD BURPEE HANSON, Minister of Trade and Commerce;

The President of the Republic of Poland:

Doctor JERZY ADAMKIEWICZ, Consul General of the Republic of Poland for Canada and Newfoundland;

Who, after having communicated to each other their respective full powers, found to be in good and due form, have agreed upon the following Articles:

ARTICLE 1

Articles produced or manufactured in Canada shall not, on importation into Poland, be subjected to other or higher duties or charges than those paid on the like articles produced or manufactured in any other foreign country; at the same time the articles enumerated in Schedule A to this Convention, produced or manufactured in Canada, shall not, on importation into Poland, be subjected to higher duties than those specified in the said Schedule and shall be subjected to the lowest rates of duty which Poland may grant to any other foreign country on the like articles.

ARTICLE 2

The stipulations of Article 1 of this Convention shall not extend:

- (a) To privileges which are or hereafter may be granted by Poland to purely border traffic within a zone not exceeding 15 kilometres wide on either side of its customs frontier;
- (b) To privileges granted by Poland to a state by virtue of a Customs Union with that state;
- (c) To tariff preferences or customs facilities which hereafter may be granted by Poland to Estonia, Latvia, Lithuania or Finland so long as such privileges are not accorded to any other state;

- (d) To the regime for duties and quotas established temporarily between Polish Upper Silesia and German Upper Silesia by virtue of the German-Polish Convention concerning Upper Silesia, signed at Geneva on May 15, 1922.

ARTICLE 3

Articles produced or manufactured in Poland shall not, on importation into Canada, be subjected to other or higher duties or charges than those paid on the like articles produced or manufactured in any other foreign country; at the same time the articles enumerated in Schedule B to this Convention, produced or manufactured in Poland, shall not, on importation into Canada, be subjected to higher duties than those specified in the said Schedule, and shall be subjected to the lowest rates of duty which Canada may grant to any other foreign country on the like articles.

ARTICLE 4

To enjoy the benefits of the tariff advantages provided for in Article 1 of this Convention, articles, produced or manufactured in Canada, shall be conveyed without transshipment from a Canadian port or from a port of a country enjoying most-favoured-nation treatment in tariff matters in Poland into a port or ports of the Polish Customs Territory.

Reciprocally, to enjoy the benefits of the tariff advantages provided for in Article 3 of this Convention, articles, produced or manufactured in Poland, shall be conveyed without transshipment from a port or ports of the Polish Customs Territory or from a port of a country enjoying the benefits of the British Preferential or Intermediate Tariff, into a sea, lake or river port of Canada.

Provided, however, that articles produced or manufactured in Poland, on importation into Canada, and articles produced or manufactured in Canada, on importation into Poland, shall not be subjected to other or more onerous conditions with respect to direct shipment than are imposed on the like articles imported from any other foreign country.

ARTICLE 5

No prohibition or restriction shall be maintained or imposed by either of the High Contracting Parties on the importation of any article the produce or manufacture of the territories of the other Party which shall not equally extend to the importation of the like articles being the produce or manufacture of any other foreign country.

This provision shall not be applicable to prohibitions or restrictions, which already exist or may be imposed in future on importation or exportation, provided that such prohibitions or restrictions are issued with regard to:

- (a) Public order or the internal or external security of the state;
- (b) Public health or the protection of animals or plants against disease;
- (c) Articles constituting a state-monopoly.

In the event of import licences being required for the importation of any class of goods into the territories of either of the High Contracting Parties, the general conditions of procedure under which licences may be obtained for the importation of such goods shall not be less favourable than those applied in the case of similar goods the produce or manufacture of any other foreign country.

ARTICLE 6

Articles produced or manufactured in the territories of either of the High Contracting Parties, exported to the territories of the other, shall not be subjected to other or higher export duties or charges than those paid on the like articles exported to any other foreign country.

Nor shall any prohibition or restriction, with the exception of those enumerated in Article 5 of this Convention, be maintained or imposed on the exportation of any articles from the territories of either of the High Contracting Parties to the territories of the other which shall not equally extend to the exportation of the like articles to any other foreign country.

ARTICLE 7

Articles produced or manufactured in the territories of either of the High Contracting Parties, passing in transit through the territories of the other, in conformity with the laws of the country, shall be reciprocally free from all transit duties, whether they pass direct, or whether during transit they are unloaded, warehoused or reloaded.

ARTICLE 8

Internal duties or taxes which are, or hereafter may be, levied in the territories of either of the High Contracting Parties by, or on behalf of, the State or a local authority or other corporation on the production, manufacture, sale or consumption of goods shall not affect the goods of one Party imported into the territories of the other under any pretext whatever, to a greater extent or in a more restrictive way, than goods of the same kind, which are the produce or manufacture of the other Party.

Articles produced or manufactured in the territories of either of the High Contracting Parties imported into the territories of the other, and intended for transit or warehousing only, shall not be subjected to any internal duties or taxes.

ARTICLE 9

Merchants and manufacturers, nationals of one of the High Contracting Parties, as well as merchants and manufacturers domiciled and exercising their commerce and industries in the territories of such

Party, may, in the territories of the other, either personally or by means of commercial travellers, make purchases or collect orders with or without samples or specimens and such merchants, manufacturers, and their commercial travellers, while so making purchases and collecting orders, shall, in the matter of taxation and facilities, enjoy treatment not less favourable than that accorded to merchants, manufacturers and commercial travellers, nationals of any other foreign country.

If one of the High Contracting Parties should consider it necessary to require certificates attesting the character of certain persons as commercial travellers in order to accord them the above facilities, in that case the High Contracting Parties shall by exchange of notes agree on the form of such certificates and the authorities competent to issue them.

Articles, imported as samples and specimens for the purpose mentioned above, shall, in each country, be temporarily admitted free of duty on compliance with the customs regulations and formalities established to assure their re-exportation or the payment of the prescribed customs duties if not re-exported within the period of twelve months. But the foregoing privilege shall not extend to articles which, owing to their quality or value, cannot be considered as samples, or which owing to their nature, could not be identified upon re-exportation. The determination of the question of qualification of samples for duty free admission rests in all cases exclusively with the competent authorities of the place where the importation is effected.

Samples of no commercial value shall be admitted into the territories of either of the High Contracting Parties free of duty.

The Customs Authorities of the importing country shall recognize as sufficient for the future identification of the samples or specimens the marks which have been affixed by the Customs Authorities of the exporting country, provided that the said samples or specimens are accompanied by a descriptive list certified by the Customs Authorities of the latter. Additional marks may, however, be affixed to the samples or specimens by the Customs Authorities of the importing country in all cases in which the latter consider the additional guarantee indispensable for ensuring the identification of the samples or specimens on re-exportation. Except in the latter case, customs verification shall be confined to identifying the samples and deciding the total duties and charges to which they may eventually be liable.

The refund of duties paid on importation or the release of the security for the payment of these duties shall be effected without undue delay and subject to the deduction of the duties payable on samples or specimens which are neither produced for re-exportation nor placed in bond.

and patterns, commercial names, names of origin of products, and the prevention of unfair competition, upon fulfilment of the formalities provided for by law.

ARTICLE 11

The vessels of each of the High Contracting Parties shall enjoy in the ports of the other High Contracting Party treatment not less favourable than that accorded to national vessels or to vessels of the most favoured nation, excepting always coasting trade and river or lake traffic which each of the High Contracting Parties shall have the right to reserve to national vessels.

Each High Contracting Party shall permit the importation or exportation of all merchandise, the importation or exportation of which is permitted, as well as the carriage of passengers from or to their respective territories upon the vessels of the other. Such vessels, their passengers and cargoes, shall enjoy the same privileges as, and shall not be subject to duties or charges other or higher than, national vessels, their passengers and cargoes, or the vessels of the most favoured nation and their passengers and cargoes.

Navigation companies of either of the High Contracting Parties engaged in the transport of emigrants shall in the territories of the other High Contracting Party enjoy the same treatment in every respect as the corresponding navigation companies of the most favoured nation.

ARTICLE 12

The nationality of a vessel shall be established in accordance with the laws of the state to which the vessel belongs by the aid of certificates of registry and other documents carried on the ship and issued by the proper authorities.

With the exception of sale under a judgment of a court of justice, the vessels of either of the High Contracting Parties shall not be liable to have their national character changed within the territories of the other unless a declaration that the vessel is no longer on its registry is issued by the authorities of the former state.

ARTICLE 13

The nationals of each of the High Contracting Parties in the territory of the other shall enjoy free access to the courts of justice, either as plaintiffs or as defendants in all matters, without other conditions, restrictions or taxes than those imposed on nationals; and like them they shall be at liberty to have recourse in all matters to the services of advocates, attorneys, solicitors or other agents selected from among the persons admitted to the legal professions by the laws in force in the territory in question.

The above provisions shall not apply to the "*cautio judicatum solvi*" or to rights obtainable "*in forma pauperis*," which matters will be settled by a separate convention.

ARTICLE 14

The nationals of each of the High Contracting Parties in the territories of the other shall be at full liberty to acquire and possess every description of property, movable and immovable, within the limitations and subject to the conditions under which the laws of the other Party permit, or shall permit, the nationals of any other foreign country to acquire and possess property. They may dispose of the same by sale, exchange, gift, marriage, testament, or in any other manner, or acquire the same by inheritance, under the same conditions as are or shall be established with regard to nationals of any other foreign country. They shall not be subjected in any of the cases mentioned to any taxes, imposts, or charges of whatever denomination other or higher than those which are, or shall be, generally applicable to nationals of any other foreign country.

Moreover the nationals of either of the High Contracting Parties including companies and other associations organized and exercising their functions in accordance with the laws in force in the territories of that High Contracting Party shall enjoy unconditionally in every respect in the territories of the other High Contracting Party the most-favoured-nation treatment in all matters concerning the exercise of commerce and industry, exemption from domiciliary visits or from search of shops, or other premises or from inspection or examination of their books, papers and accounts except under due process of law. Nor shall they be subject to taxes, general or local, imposts, fees, rates or other official charges, other or greater than those imposed on the nationals or companies or other associations of the other High Contracting Party.

ARTICLE 15

The nationals of each of the High Contracting Parties in the territories of the other shall be exempted from all compulsory military service whatsoever, whether in the army, navy, air force, national guard or militia, and from all taxes or requisitions levied in lieu of such services.

ARTICLE 16

Each of the High Contracting Parties shall be at liberty to appoint consuls-general, consuls, vice-consuls, consular agents and trade commissioners to reside in the towns and ports of the territory of the other to which such consuls or agents of any other State are admitted. Such consuls-general, consuls, vice-consuls, consular agents, and trade commissioners, however, shall not enter upon their functions until after they shall have been accepted and admitted in the usual manner.

The heads of posts, titular or acting, as well as the agents of the consular service, chancellors, attaches or others, on condition of reciprocity, shall enjoy the personal privileges, immunities and exemptions such as are or may be accorded to similar agents of the same class and grade of the most favoured foreign nation.

The High Contracting Parties agree to conclude a convention with a view to determining and defining the powers and functions of these agents.

ARTICLE 17

The stipulations of this Convention, and particularly of Articles 3, 4, 5, 6, 9, 11, 14 and 15 thereof, shall not extend to privileges, preferences or treatment which may at any time be in force exclusively between territories under the sovereignty of His Majesty the King of Great Britain, Ireland and the British dominions beyond the Seas, Emperor of India, or under His Majesty's suzerainty, protection or mandate.

ARTICLE 18

Any dispute which may arise between the High Contracting Parties in regard to the proper interpretation or application of any of the provisions of this Convention and which cannot be solved by discussion between their representatives shall, by common consent, by submission in writing, be referred to a Court of Arbitration which shall in each particular case be constituted by each Party nominating one of its nationals as arbiter and an umpire who shall be chosen by agreement between the arbiters.

ARTICLE 19

The Polish Government which is entrusted with the conduct of the foreign affairs of the Free City of Danzig under Article 104 of the Treaty of Versailles and Articles 2 and 6 of the Treaty signed in Paris on November 9, 1920, between Poland and the Free City of Danzig, reserves hereby the right to declare that the Free City of Danzig is a Contracting Party to this Convention and that it assumes the obligations and acquires the rights laid down therein.

This reservation does not relate to those stipulations of this Convention which the Republic of Poland has accepted with regard to the Free City in accordance with the Treaty rights conferred on Poland.

ARTICLE 20

The present Convention shall be ratified and the ratifications shall be exchanged at Warsaw as soon as practicable.

It shall come into force fifteen days after the exchange of ratifications and shall be binding for a period of one year from the date of coming into force.
